

HDB Modular Valve Block

The HDB is a modular valve system for skid steer machines and other construction machines. A cast iron block designed to allow a quick and safe connection and disconnection of attachments. The cartridges are fully compatible with ISO 16028 Flat Face couplers. There is a lever for the safe release of residual pressure when connecting or disconnecting. The block will accept Flat Face 1/2 and 3/4 cartridges for higher flow.

Size	Part #	A	B	C	D	E	F	G
1/2	HDB-08	184	S44.45	S50.8	S25.4	38	24.54	19.75
3/4	HDB-12	188	S44.45	S50.8	S25.4	48	29.95	19.75
